

DENTAL AESTHETICS AND FACIAL GROUP

GENTLE DENTAL

If you're like us, one too many trips to the candy shop (Madonna reference!) have you dreading your next visit to the dentist. The cold clinical vibe, all that mad scientist/medieval torture-lookin' equipment: It's pretty scary, right? Well, it doesn't have to be. You've just been going to the wrong dentist!

With its gorgeous mod-meets-baroque decor, Dental Aesthetics and Facial Group will make you forget all those tired sadistic dental clichés. It's boutique dental service in a luxurious setting. Located in the heart of the Garment District, Dental Aesthetics and Facial Group's team of professionals pride themselves on their convenience and are committed to providing their patients with a relaxing experience. They will work around your busy schedule to ensure that you receive prompt personal care.

Dr. Daniell Mishaan's gentle approach to dental services and his keen eye for aesthetics set him apart from other dental professionals. His services include general exams and fillings, veneers, teeth whitening, porcelain crowns and emergency care. Focusing on preventative care, Dr. Mishaan helps patients understand the importance of flossing, regular cleaning and fluoride use to your general healthcare, as well as the effects of illness, medication and other seemingly unrelated factors on your oral health.

But Dental Aesthetics' services don't end at dentistry. They also have an in-house plastic surgeon to help you realize all of your personal aesthetic dreams. Dr. Joseph Wolf's specialized services include face and neck lifts, lipo, breast augmentation, Botox, chemical peels and much more. Really, what could be more relaxing after a teeth cleaning than getting a refreshing and rejuvenating facial?

So whether those pearly whites need a little routine maintenance or you just feel like it's time for a subtle nip/tuck, Dental Aesthetics and Facial Group will make your experience pleasant as you could possibly hope for.
